

Moisture Chart for Sweet Clover & Timothy (250g)
 Creeping Red & Meadow Fescue (150g)
 Information Supplied by Labtronics (204)943-6037

When using the 919 Labtronics Moisture Tester, it is important to ensure that it is in good working order. Before use:

- Verify the calibration of the meter;
- Ensure the accuracy of your scale and thermometer;
- Ensure the test cell is clean;
- Do three tests on each sample;
